---

### CALL FOR PRESENTATIONS IN THE INDUSTRY TRACK

IEEE GRSS Bangalore Section is excited to organize the flagship IEEE GRSS regional conference 2023 IEEE India Geoscience and Remote Sensing Symposium (InGARSS) under the patronage of the International Institute of Information Technology Bangalore and IEEE Bangalore Section. The conference features outstanding keynote speakers, high-quality peer-reviewed research papers reporting original contributions, special sessions highlighting state-of-the-art research and technologies, doctoral colloquium, IEEE Bangalore Section inter-society collaborative event, industry track, WiE/DEI track, YP track, exhibits, and invited sessions on STEM in geoscience and remote sensing and social entrepreneurship.

InGARSS is aimed at providing a platform for sharing knowledge and experience on recent developments and advancements in geoscience and remote sensing technologies, particularly in the context of earth observations, and disaster monitoring, relevant to the Indian subcontinent, and others. This is the third edition of the regional GRSS conference series, InGARSS. The first two being in 2020 and 2021, were conducted online owing to the pandemic. Thus, this is the first in the series to be conducted in-person with limited option for online participation.

Presentations provide the opportunity for practitioners to present their work, novel approaches, or interesting problems addressed, without submitting a formal written paper. We solicit high quality presentation proposals pertaining to Geoscience and Remote Sensing related topics, per the provided template document in Easy Chair. Presentations must be original work. Joint authors shall nominate a single point of contact. The presentation should not be heavily sales-oriented nature pertaining to specific tools, and such marketing presentations will be desk-rejected.

### SUBMISSION

Submit your presentation proposals per the proposal template at EasyChair. After notification of shortlisting, presenters are required to prepare and submit the presentation deck (to support a 25 min presentation + 5 min Q&A) for review by the Technical Committee. Presentations are not subjected to formal peer review process and will not be included in the conference proceedings. Once selected, authors of accepted presentations must address the review comments and submit their final presentation per the conference presentation template. Authors of accepted presentations must register for the conference, and present at the conference venue.

Click on "Proposal: Industry Track Presentation" on the submission form in EasyChair.

## IMPORTANT DATES

Presentation proposal submission opens	May 15, 2023
Presentation proposal submission deadline	August 22, 2023
Proposal acceptance/shortlisting notification	September 03, 2023
Presentation deck submission	September 15, 2023
Presentation acceptance notification	September 20, 2023
Presenter registration closes (same as early bird registration closure)	September 30, 2023
Session (same as the main conference, to be updated as per final program schedule)	December 11-13, 2023

(Preconference for tutorials and doctoral colloquium): December 10, 2023

## PROPOSAL SELECTION & PRESENTATION

Further instructions based on the decision of the proposals will be communicated to all proposers by email by the Industry Track chairs.

For further information on conference and technical program, please visit <https://ingarss.org>

For enquiries, please contact us at [ingarss2023@gmail.com](mailto:ingarss2023@gmail.com)

We hope to see you in Bangalore, India.
